ēco-Board™ XP Expanded Polystyrene

ēco-Board™ XP features a smooth, high quality print surface that is superior to expanded PVC products in the market. ēco-Board XP board is a **PVC FREE** board comprised of expanded closed-cell High Impact Polystyrene (HIPS), formulated and engineered for screen printing, digital UV flatbed printing and easy fabrication.

In addition to the stock sizes, ēco-Board XP is also available in custom sizes, colors and gauges from .080" to .300" thickness.

Product Attributes

- PVC free
- High quality print surface
