

XCEL is pleased to offer the newest generation of non-pvc media - EcoMedia R. This EcoMedia is designed and formulated with recycled content to be even more environmentally responsible without compromising quality, performance or functionality. Designed for large-format, offset or screen printers utilizing UV-cured inks, this media is durable and prints beautifully on two sides.

## ENVIRONMENTALLY RESPONSIBLE

Cost-effective alternative to traditional PVC banner

- Includes Recycled Content
- Made in the USA
- Non-PVC
- Degradable
- Recyclable
- Phthalate-free

## FINISHING RECOMMENDATIONS

EcoMedia R is compatible with traditional sewing, grommeting and heat welding. RF welding is not compatible.
